108 million Americans

50+

Experiencing Techno-discomfort ?

You are not alone.

Stanford Research

Best thing we can do for ourselves....

- Exercise
- Socialize
- Mentally challenge yourself

**What better way to challenge
ourselves mentally than to
stop ignoring or fearing
technology?**

**We've been on lockdown for
223 days...**

Today's the day
to take control of the
technology in your life.

Time for Your own

PERSONAL TECHNOLOGY BUCKET LIST

**If you are hesitant about your
privacy.....**

The fact is, your information is already on the internet.

You will no
longer need
your grandkids
to fix your
devices.

1ST Change your mindset.

The secret is knowing where to
GET answers to **ANYTHING**.

(NOT to know EVERYTHING.)

For SPECIFIC
problems:

Learn to use the
right words.

13 tips to master iMessage on your iPhone

147K views • 6 months ago

How To Do It All

iMessage on the iPhone has been around since 2011. Over its near decade of existence, Apple's messaging service has

4K

Everything New With Messages in iOS 13

2ND Believe that the
smartphone will become
your **most**
important
device for
the future.

2ND Everyone will need one.

2ND

- Can do everything a computer can do.

No Longer Needed!

Laptops

Computer email

Computer Internet

Landline

Notebook

Board Games

Address Book

Calendar

Camera

Camcorder

Radio

iPod

Watch

Alarm Clock

Tiner

Calculator

ebook reader

Books

Newspaper

VCR/DVD Player

Scanner

Credit Cards

Boarding Pass

GPS and Maps

2ND

- Can do everything a computer can do.
- The way the rest of the world expects you to communicate

2ND Have you noticed?

- Your Doctor wants to have a video appointment?
- Your bank wants you to stay home and deposit your checks with your phone?
- You are asked to scan a receipt and send it in?
- You can [follow your ballot](#)?

You can....

- See where your UPS driver is.
- View your security cameras.
- Turn on the air conditioner before you get home
- Check the weather
- Read a book
- Start your car
-and so much more.

2ND When necessary:

Poor eyesight?: It reads to you.

Poor hearing?: Hearing Aids work like headphones

Add a smartwatch?: Monitor your health (*blood sugar, ECG, pulse, oxygen level*)

3RD

Replace devices
older than 5 years.

Not worth the
frustration.

1988

\$3,600

3RD

2020

\$1,000

3RD “You get what you pay for.”

Buy quality/most popular

- Buy newer smartphone first.

Most sold brand is iphone.

- Then update your computer.

Most virus free is a mac.

3RD

Where to buy?

10.2" DISPLAY
32GB STORAGE
2160 x 1620

8th Gen Apple iPad 32GB
\$319.99
Plus S&H

Apple Unlocked iPhone
SE
Starting at \$389.99
Free Shipping

Apple iMac 27" with 10th
Gen Intel Core i5
Processor, 8GB Memory
and 256GB SSD
\$1,649.99 Delivered
After \$100 OFF

Apple MacBook Air 13"
with Intel Core i3
Processor, 8GB Memory
and 256GB SSD
\$949.99 Delivered

4TH Simplify email and photos

- Learn to eliminate unwanted email including Spam emails (unsubscribe).
- Store the rest (cloud and storage).
- Next session is about the “cloud.”

4TH

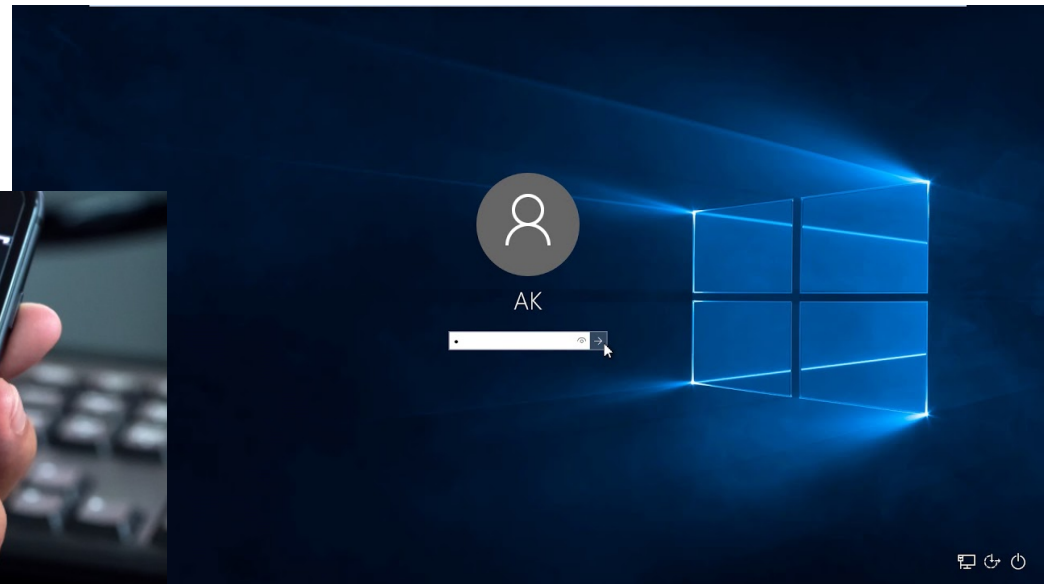

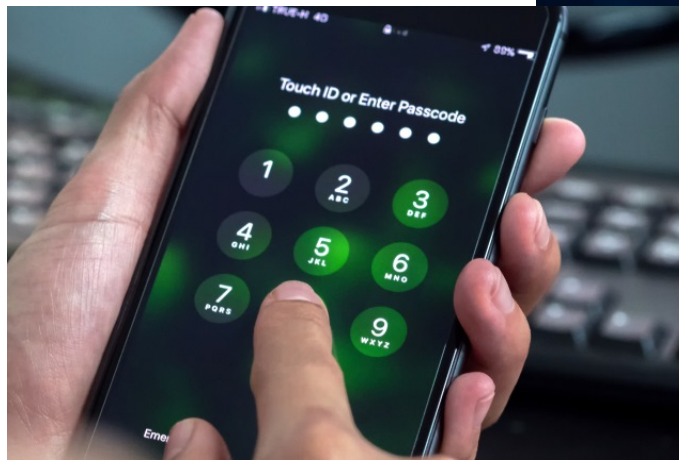

Simplify email and photos

- Learn about "phishing."
- Learn about other scams.

(Many local resources online.)

5TH Be safe

- Lock your devices.

5TH Be safe

- Have a password on your home wifi (WPA2)

5TH Be safe

- Implement a password system or app for all websites.
- Session later this morning.

5TH Be safe

Most of all, establish a DAILY ROUTINE:

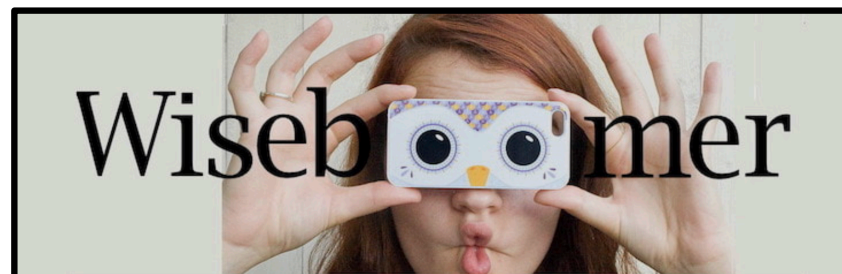

- Check all accounts daily.
- Never use **public** wifi. Use your cellular.
- Watch for email and text alerts.

6TH

Enjoy the Tech Fair.

Learn **everything** you can.
